

On the Ground and in the Air...A Pilot/Controller Forum

Please welcome personnel from the Nashville Air Traffic Control Tower (ATCT). Several of Music City's finest will be on hand to guide us through an evening of operating on the surface and in the air. This is an excellent opportunity to speak directly with Air Traffic Controllers and have them answer your airspace operating questions.

Directions: From Donelson Pike (abeam Nashville Int'l) turn on to Knapp Blvd. and then left on Perimeter Rd. The Gassaway Bldg. is #4251. Park in the rear and proceed to Rm. 227 via the stairs or elevator.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASteam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
